

The most extensive international network at your service

Coface provides a comprehensive line of credit insurance to protect companies from potential non-payment by their customers, which can be spread across more than 200 countries.

Along with credit insurance, in some countries we offer factoring services, proprietary business information and a receivables collection service.

Un puissant réseau international au service des entreprises

Coface propose une offre complète d'assurance-crédit pour protéger les entreprises d'éventuels impayés de la part de leurs clients qui peuvent être répartis dans près de 200 pays.

En complément de l'assurance-crédit, nous proposons également dans certains pays, des prestations d'affacturage, une offre d'information internalisée ainsi qu'un service de recouvrement de créances.
